Today we are looking at the two /er/ and /ur/ sounds. Remember, they make the same sound but they are different letters. With a grown up, read the words below. Have a go at adding the sound buttons underneath. Can you then write them by the correct circle?

Top tip:

Usually, the **ur** spelling comes in the middle of words and the **er** spelling comes at the end!

Words: **fur, ladder, hammer, turn surf, turnip butter, dinner curl**
any more words?

Maths

Ordering numbers: Write numbers from 0-10 or 0-20 on bit of paper. Ask your grown up to hide the numbers around a room/house/garden- no peeping! Can you find all of the numbers that have been hidden and put them in the correct order?
Good luck!
