

Year 2 Children's Newsletter

Dear Year 2 children,

We hope you are all really well and staying safe. The weather has been very different this week, with lots more wind and rain. Perhaps you've been able to have a fun welly walk and splash in some puddles or fly your kite in the wind!

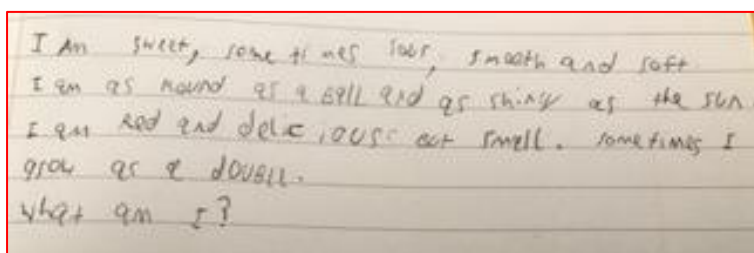

We hope you have enjoyed the latest home learning activities. Have you had a go at the yoga videos? We hope you have found them enjoyable and relaxing.

We have been emailed some brilliant examples of your work and are so impressed with the effort you continue to put in. Well done everyone! Thank you to your parents and carers for supporting you along the way too.

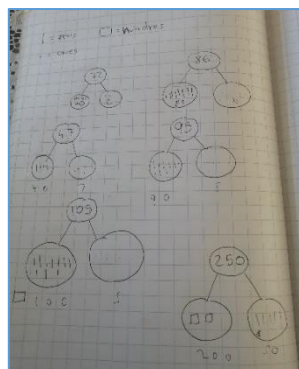

Ask your grown-up to email your work to the school office on office@meridian.e-sussex.sch.uk
Maybe your home learning will be in next week's Year 2 newsletter.

Have a look at some wonderful Year 2 learning:

Rory put great effort into his poetry work and wrote a fantastic riddle. We love his use of alliteration and two super similes! Can you guess what fruit it is?

Federico has been working really hard on his maths, completing lots of activities. We are very impressed! What is your favourite maths activity to do?

Here is a picture of Emilie and Oliver working hard at home. Emilie is using pegs to help her with her maths. What a super idea! There are lots of things around our home we can use to help with our learning.

Keep up the hard work everyone.
All the teachers and staff are missing you lots.
Stay safe!
From Mrs Halls and Mrs Sagar.

Vivian drew this brilliant portrait of herself and Emily. We love how happy they both look, it is wonderful!
